Standing -

Standing on my elbow
With my finger in my ear
Biting on a dandelion
And humming kinda queer
While I watched a yellow caterpillar
Creeping up my wrist,
I leaned on a tree
And I said to me:
"Why am I doing this?"

She drank from a bottle called DRINK ME
And she grew up so tall,
She ate from a plate called TASTE ME
And down she shrank so small.
And so she changed, while other folks
Never tried nothin' at all.

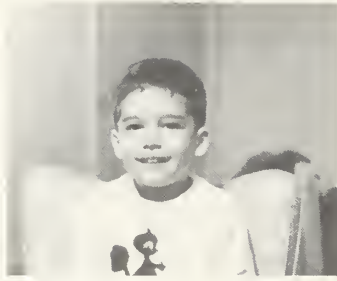

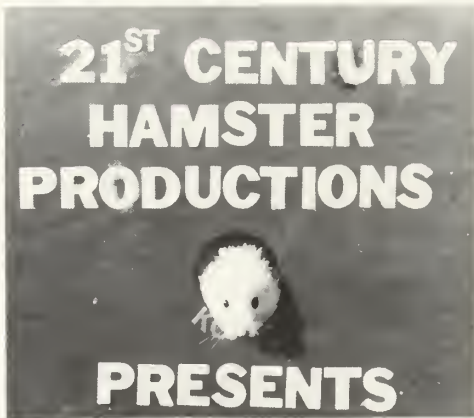

We shall not cease from exploration
And the end of all our exploring
Will be to arrive where we started
And know the place for the first time
When the tongues of flame are in-folded
And the fire and the rose are one

FAN RELEASE

CHROME
PLATED

PAT. PENDING
Developed over a 3-year period, during which more than 100 units were installed and used on cars with outstanding success. Thoroughly road tested.

At speeds over 35 MPH, standard automobile fans waste horsepower. The FAN-O-MATIC now makes your fan a free-wheeling unit, releasing wasted horsepower at speeds over 40 MPH in High or 20 MPH in Low.

- Increases Available Horsepower
- Increases Gas Mileage
- Increases Acceleration
- Reduces Engine Noise
- Reduces Vibration

Tested and proved at Indianapolis Speedway under supervision of United States Automobile Club. Simple to install, adaptable to all cars.

The flow of air thru the blades of the fan is directed at an angle of 30 degrees, creating a "jet" effect, cooling and moving the location of the fan unobscured.
Available in steel or aluminum. Price \$39.50.

As Seen from High School

Wandering forever on Life's shore
one finds tidepools hidden in rocks
treasures are often in store for those
who search the small islands of water.
Many children play by the side of the ocean
running away from the attacking waves.
They act like baby penguins not yet accustomed
to swimming

But they all must enter the water at last.
Soon my time to adventure will come,
after eighteen summers I'll go
The nest that I'll leave behind in my wanderings
will have grown to small to return to again.
the water is often cold, sometimes icy
the waves are huge and dangerous at times
The distance is always deceptfully shortened
When seen across the caressing waves of Time.

Thinking of You

I search my mind for memories
for images and faces
Running through my thoughts I recall
many lovely places.
I try to see your eyes again
to view your caring smile
To feel the warmth and friendship
I knew for just awhile.
My love for you, it holds me tight
and hopefully ne'er will go
To be with you is my delight
this one thing I truly know.

In the playground
I watch the children
Playing, laughing, running—
Being free.
But I am steadfast—
An unmoving
Soul tarnished with time.
In watching,
Part of my heart thaws
From under years of ice,
Warming to the sight of
Smiling faces, life and innocence.
Suddenly I am with them,
Enjoying the splendor of freedom.
Problems flee from my mind.
I have found the part of myself
That never dies—
The child in me.
